From the desk of Mr. Joe...

Hello boys and girls. Mr. Joe checking in once again. I have recorded another song that most of you are quite familiar with and included the lyrics as well.

This week I have included two sites to help you review your Rhythm Reading. There are two levels. Try them both.

Visual Musical Minds: Introduction to Rhythm Reading level 1

Visual Musical Minds: Introduction to Rhythm Reading level 2

This next video is a cool body percussion tutorial. It is broken into steps and begins quite slowly. After you have a little time to practice, you can try it at tempo towards the end.

Enjoy and stay safe!

Mr. Joe
